

Jesus' followers are meeting together when all of a sudden, they hear a mighty windstorm and flames appear over their heads. The Holy Spirit gives everyone the ability to speak in other languages to people from a lot of countries. The Holy Spirit gives us power today, too!

*"This means that anyone who belongs to Christ has become a new person. The old life is gone; a new life has begun!" (2 Corinthians 5:17).*

### Family Together Time

Take a "power inventory" of your home.

- Guess how many things in your home use power. Write down each person's guess.
- Go to each room together and count everything that needs power. Don't forget battery-operated items!
- See who had the closest guess.
- Unplug or turn off as many of the items as you can. You may need to leave your refrigerator plugged in, but turn off all the lights and unplug entertainment devices.
- With your home using very little power, sit and talk about which devices are your favorites.
- Talk about why electric power is important in your daily life.
- Talk about in what ways you each need power from the Holy Spirit.
- Pray for each other to get power from the Holy Spirit.

### Talk About This...

- Share how to say "Jesus loves you" in different languages.
